Professional Summary

Motivated and detail-oriented MERN Stack Developer with hands-on experience in building responsive, scalable, and user-friendly web applications using MongoDB, Express.js, React.js, and Node.js. Skilled in developing RESTful APIs, designing modern UI using Tailwind CSS and Bootstrap, integrating databases, and managing version control with Git and GitHub. Passionate about writing clean, maintainable code, solving real-world problems, and contributing effectively to collaborative software development teams.

Technical Skills

Frontend	HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Bootstrap
Backend	Node.js, Express.js
Database	MongoDB, MySQL
Tools	Git, GitHub, VS Code, Postman, Vite

Internship Experience

BDreamz Global Solutions

MERN Stack Developer Intern

- Developed responsive web applications using React.js, Tailwind CSS, and modern JavaScript.
- Designed and implemented RESTful APIs using Node.js and Express.js.
- Integrated MongoDB databases for efficient data storage and retrieval.
- Collaborated with the development team using Git and GitHub for version control.
- Improved application performance, responsiveness, and user experience.

Featured Projects

MITTI – Terracotta Studio Website

- Developed a professional client website using React.js, Vite, and Tailwind CSS.
- Designed a fully responsive and modern user interface optimized for all screen sizes.
- Focused on clean UI, reusable components, and performance optimization.
- **Live Demo:** <https://mitti-zeta.vercel.app/>

MERN Stack E-Commerce Platform

- Developed a complete full-stack e-commerce application using MongoDB, Express.js, React.js, and Node.js.
- Implemented secure user authentication and authorization.
- Designed an Admin Dashboard for product and order management.
- Built shopping cart functionality and payment integration.
- Created RESTful APIs for products, users, orders, and payments.
- Designed scalable backend architecture following MERN best practices.

Education

Bachelor of Technology (B.Tech)

Malabar College of Engineering, Thrissur

Training

Besant Technologies

- Completed professional training in MERN Stack Development.
- Worked on MongoDB, Express.js, React.js, Node.js, REST APIs, Git, and deployment.

Certifications

- MERN Stack Development – Besant Technologies

- Git & GitHub Fundamentals
- Responsive Web Development

Achievements

- Successfully delivered the client project "MITTI – Terracotta Studio Website".
- Built multiple full-stack web applications using the MERN technology stack.
- Strong understanding of responsive web development and REST API integration.
